### George Town Chamber of Commerce and Bell Bay Aluminium Business Excellence Awards 2017

2017 has been another good year for the public voting section... there were 1598 votes cast and the votes were spread across 34 businesses and 58 individuals within these businesses.... Just goes to show how much value the community places on good service and good business practise.

The Post Office, the Hub, Heritage Isle Credit Union and the girls in the Commonwealth Bank all increased their votes for "top customer service" - and the Anne Street Medical Centre, both reception staff and medical practitioners, came in with a BANG this year. The comments made by the individuals' who voted for the Medical Centre, were overwhelmingly and consistently grateful for the level of services available in George Town, and, for the high level of service provided by the service providers, especially all those at the Medical Centre. "Service second to none", "Lived all over Australia and never received this level of medical care anywhere", "no longer live in George Town but will not change my doctor, would rather travel", "not just the doctors and nurses that are great, but the reception staff are always courteous and treat every-one respectfully", are just some of the comments - but all were similar. How lucky are we as a community to be served by this group of people?? Ainslie, The Hair Parlor, the new look IGA Supermarket in Friend Street, George Town Carriers, Dynomestic Services, GT Taxis and the Tatts Takeaways - were also recognised by their customers for the first time this year.

Again this just shows how the public is getting involved and keeping watch - not just on high profile main street businesses but arguably the less visible or well known ones.
