WHAT WHEN WHERE 2018-2019 INFORMATION BOOK

YOUR TOWN – OUR TOWN – GEORGE TOWN

Australia's oldest “town” originally settled in 1804 by Governor Macquarie, George Town has come a long way since then. From a small fishing village to a major industrial community with the development of the Port of Bell Bay attracting heavy industry such as Comalco Aluminium and Temco to the area back in the mid 1950s. Around the turn of the century, George Town was discovered by mainland Australia with the introduction of the fast ferry “The Seacat” later followed by the “Devil Cat” bringing passengers from mainland Australia across Bass Strait into the heart of the town. Although the fast ferries no longer operate, visitors continue to drop in many now making George Town their new home. The beautiful coastline of the Tamar River, attractive lifestyle and convenience availability are just some of the things that bring people to this vibrant community.

The surrounding municipality offers a rich paddock to plate experience of fresh produce from local strawberry farms, orchards, cheese production, fresh fish and of course our famed vineyards and wineries. Let's not forget our scenic assets starting with the Tamar River itself, our magnificent world class beaches and rural countryside which are just part of the experience that visitors will take back with them.

The Municipality in recent years has been through some difficult times with businesses feeling the full brunt, however the resilience of the local people has seen the community band together and push through these difficult times and we are now starting to see some light at the end of the tunnel.

The 2018-19 “What When Where” booklet produced by the George Town Chamber of Commerce is designed to assist the people of the community to find and support our local businesses where possible.

We all have to live somewhere and I have travelled this vast country and find that the municipality of George Town and the people in it make this town as good as any place to live.

Our Motto: Your Town, Our Town, George Town.

Andrew Michieletto
